

12. What was Paul's first word, and when did he say it?

- A. "Ow"; when Stephanie hurt his leg.
- B. "Help"; when he couldn't reach the nurse's call button.

Hot Wheels (Chapter 4)

13. What did Stephanie buy for Paul to start his time in the rehabilitation unit?

- A. 10-pound weights.
- B. Sweat suits.

14. What percent of strokes are caused by ruptured aneurysms?

- A. 20 percent.
- B. 80 percent.

15. Shortly after transferring to the rehabilitation unit, Paul's therapist said that he had a very high mountain to climb. List some of Paul's rehab challenges, and list your own.

- ___ Reading & writing
- ___ Understanding slang
- ___ Answering "yes" and "no" accurately
- ___ Overcoming paralysis/weakness on his right side
- ___ Learning to do everything with his left hand
- ___ Dressing himself with one hand
- ___ Walking again

16. How did Stephanie react to the information?

- A. She cheered and organized a party.
- B. She cried and expressed her fears about Paul's recovery. Then, she started to prepare for Paul's discharge.

17. How did your family react to your stroke?

- A. They were helpful.
- B. They were angry.
